

Update on the **\$6,600 System**

Question: When will you be emailing the "**How to make \$6,600 a month system**" out?

Answer: I am currently working on a very sophisticated Pick 3 system based on the **Basic Box** program, which hits (virtually) every day. I laid the foundation of this system on the **2-Level Betting System** report, where I gave out a few basic Rules.

As of now, I have **23 Rules** on exactly how to play to make money with this new system.

However, I will first be using this system myself **before** I teach it.

Right now I am planning to deposit some money into my 5dimes account sometime in November and start doing this for real.

I will be emailing everybody screenshots showing my wins. So I will not be talking theory; I will be showing you real results.

To be on the safe side, I will say that this system should be ready by March or April 2015.

But I have to say this; this system will literally be a **money making machine**; you do what it tells you to do, and you make money. Period.

And as of now, you can make **\$3,000 to \$6,600** a month with it.

Assuming things go as planned and I am able to make this much myself, I will write a **very detailed report** on exactly how to use this system.

This report, however, will be sold as a **separate product**....even if you are currently on my paid coaching program.

I say that because if it produces the kind of money I think it will, **this report will literally be worth thousands of dollars.**

But I won't sell it for that much.

I mean, seriously; would you be willing to pay \$200 or \$300 for a report teaching you how to make \$6,600 a month?

If this system works (and I will only sell this report if I make this kind of money FIRST) you should be able to re-coup whatever money you spent to buy it quickly.

So as of now, I will start using this system myself in November.

I will be sending out regular updates on how the system is working from late November to maybe February of next year.

The system should be available for sale by March or April.
