

# **7 Win 4 Hits in TEXAS in Two Weeks!**

I just completed the Win 4 Excel sheet for TEXAS. This sheet works the same way the NY sheet works: you enter the 40 number distribution on Saturday night. The numbers the sheet gives you are good for the next 7 days. You can get the sheet NOW (I will explain how shortly).

The Texas report will be ready in a week or two; it will be a Kindle on Amazon (you can get the PDF just by emailing me the code on the last page of the Kindle).

The Excel sheet has 15 hot numbers for Texas. They are divided into 3 groups of 5 numbers each.

**Group A has the 5 hottest singles.**

**Group B has the 5 hottest doubles.**

**Group C has 5 hot singles.**

**I recommend playing groups A and B.**

If only the 5 group A numbers are played, you will get about **1 HIT PER MONTH.**

If only the 5 group B numbers are played (doubles), you will get about **2 HITS PER MONTH.**

If both groups A and B are played (10 numbers), you will get about **3 HITS PER MONTH.**

You can start out playing group B (the 5 doubles) and after getting a few hits, add the group A numbers because these are really the five hottest numbers.

**The 7 hits on the next two pages were predicted by the Excel sheet. Notice that most of the hits came from groups A and B; these are the two groups I recommend you play.**

That is a lot of hits in just two weeks; which explains why there were no hits last week (August 27-Sept 1) and this week (Sept 3-8). I call these two losing weeks a “correction” (making up for the 7 hits in two weeks).

This means that things will be back to normal starting next week (Sept 10-15) or the week after (Sept 17-22) which is getting 1 or 2 hits PER WEEK.

**To Review:** You can start out just playing the 5 group B numbers on the sheet; these are all DOUBLES. You can add the 5 group A numbers later (after you have gotten a few hits). I recommend playing these numbers at 5dimes (a \$1 box hit on a double pays \$750).

If you have not done so already, you can request my FREE 5dimes report by emailing me with this on the subject line of your email: **SEND 5DIMES REPORT.**

You can get this sheet NOW for \$15.

**This includes 30 days of Gold membership.**

To get it, email me with **\$15-TEXAS SHEET-30-GOLD** on the subject line of your email. I will send you a Paypal invoice for \$15. I will send you the sheet and give you access to my Gold programs right after I get payment. You can email me at [aanewyork4000@gmail.com](mailto:aanewyork4000@gmail.com)

After I am done with Texas, I will work on **North Carolina**, then **Missouri**. I will be creating a Win 4 sheet for these states as well.

You can request a sheet for the Win 4 game of your state for \$60. You should have the sheet in 30 to 60 days. Just email me with **\$60-X-Win 4 Sheet** with X being the state you want (so if you want the sheet for Florida, email me with **\$60-FLORIDA-Win 4 Sheet** on the subject line of your email).

# In The Win 4 Game, Think in Terms of MONTHLY HITS (A Month = 5 Weeks)

I am planning to make A LOT of money playing the Win 4 game. This means that the next hits you will see on this page will be **Win 4 Hits** (BOX and STRAIGHT hits):

<https://pick3master333.com/box-hits/>

The first strategy is identifying the hottest codes.

Second, identifying the right numbers to play.

Third, **having the right bankroll.**

This means that you identify how much you will be spending for a WEEK then you multiply this by 5.

**That is your starting budget.**

For Texas, this would be  $5 \times 0.25$  cents box (if played at 5dimes). This is  $\$1.25 \times 24$  drawings =  $\$30$  for the WEEK, which is excellent. Then multiply this by 5, which is  $\$150$ .

That is your starting bankroll: **\$150.**

If you do NOT have this, DO NOT use this system.

You have to think in terms of MONTHLY hits in the Win 4 game and a “month” is 5 weeks – so you need to have the money you will spend for the coming 5 weeks saved up; if you don’t; I suggest you wait until you have the funds.

This basically means that your time frame for the Win 4 game is larger than the Pick 3 game.

In the Pick 3 game you can expect hits every WEEK.

In the Win 4 game you can expect hits every **MONTH**.
